

IN THE SPECIFICATION:

Pursuant to 37 C.F.R. §1.125(b), the applicant respectfully requests that the Examiner accept the attached Substitute Specification in lieu of a listing of changes to be made to the original specification. As the changes made by way of the Substitute Specification are primarily formatting (adding paragraph numbers, etc.), a marked-up copy of the original specification has not been attached hereto. Two minor changes to the text of the specification have been made: (i) at ¶ 0002, “as chips’ performance limits” has been changed to --in the performance limits of the chip--; and (ii) at ¶ 0006, “OSes” has been changed to --OSs--. No new matter has been added by the Substitute Specification.
